

# Responding To Critical Incidents Involving Structure Fires

Thursday, November 03, 2016  
10:30 a.m. - 12:00 p.m.

On Feb 23, 2016 Phoenix Fire and Phoenix P.D. responded to a structure fire with a shooter inside. What unfolded next has been a case study for best practices by LEO's and Fire Personnel responding to a critical incident involving structure fires with a shooter inside.

“I have never heard in three decades of police officers putting on — with the assistance of the fire department — putting on safety gear and breathing apparatus to get up to a house with a charged hose or line so we can try to extract victims who were calling from inside.” Phoenix Police Sgt. Trent Crump

Target Audiences:

Law enforcement and Fire.

*Specifically field personnel and command staff in addressing emerging threats in the 21st century 1st responder community.*

Presenters:

**Bill Underwood**, Detective

- Phoenix Police Department

**Steve Safer**, Captain
